

## Useful information

### 1. Location

Hotel and meeting location: Hemavans Högfjällshotell (<https://hemavanshogfjallshotell.com/>)

The distance between the hotel and the airport is 1.7 km (27 min walk), bus stop is 1.8 km away.

### 2. Transportation

Transportation will be organised in connection to your bus/ flight schedules, picking you up and dropping you off at the bus stop/ airport.

### 3. Food

Breakfasts (8:00 – 10:00 am) are included in the hotel booking.

Lunches, dinners and coffee (during the meeting February 3<sup>rd</sup>-5<sup>th</sup>) are all booked for us at the hotel.

For those arriving on the 1<sup>st</sup> and the morning of the 2<sup>nd</sup>, we booked lunch (12:30) and dinner (18:00).

Those arriving late on the 2<sup>nd</sup> (19:55 bus and 20:30 flight) will get a late dinner at 21:00.

Participants leaving of the afternoon of the 6<sup>th</sup> will get lunch (12:00)

If you have not noted your dietary requirement to us (vegetarian, gluten-free, etc), please drop us an email.

### 4. Schedule

NOTE: **we have updated the schedule** at <https://indico.uu.se/event/1592/>

If the title of your talk says '*To be announced*' and you'd rather not boost curiosity by staying mysterious, please send us your title. If you want to change the title of your talk, please email us.

### 5. Emergency contacts:

If something urgent comes up close to the meeting please email [chinshen.ong@physics.uu.se](mailto:chinshen.ong@physics.uu.se) and CC [alena.vishina@physics.uu.se](mailto:alena.vishina@physics.uu.se)

For any questions during the meeting you can call Alena on +46(765)839918

### 6. Aurora aka the Northern Lights

Hemavan is quite far north, which, if we are lucky, might enable us to see the northern lights, if the sky happens to be clear. You might want to install ‘Aurora’ app on your phones, which will notify you when the sun activity (kp-index) is suitably high.

If that happens and the sky is reasonably clear, dress up warmly, go outside, move away from the light sources, and look north. Try to take a picture with your phone, as your phone can see green even when your eyes can't.

## 7. Free time

We set the schedule so that we can have some free time during light hours (which are 9 am to 15:30) after lunch (13:00 to 15:00). You can use it for skiing/ walking/ discussing science/ etc.

You can find the map of the ski slopes here: <https://hemavan.nu/pistkartor/> , cross-country here <https://hemavan.nu/skidakning/langdakning/langdspar-hemavan/> . We'll be staying at **point 9** (first map), ski hire is at **point 8**. Skies can be rented for several days and stored at the hotel.

## Downhill

Map <https://hemavan.nu/pistkartor/>

As you can see, two of the ski slopes (30, 35) go past our hotel, several (31-34) stop right next to it. You can go up with Centrumliften (H) which starts by the ski rental.

## Lifts opening times:

Daily: 10 – 16

Wednesday, Friday, Saturday until 19

Lift card can be purchased at <https://quickbook.hemavan.nu/sv/segora/2137880/k%C3%B6p-liftkort-f%C3%B6r-s%C3%A4songen-2324/detaljer>

## Cross-country

## Other activities

- Non-skiers can rent snowshoes.

- A nice option is taking 'Hemavan Gondol' skilift up for a beautiful view. The tickets can be purchased next to the point 'C', there are ticket machines in a small house to the left of it. It's 40 min walk from the hotel. However, you can ask the hotel to organise your transportation for 75 SEK/person.
